

# WINGS Safety Seminar- Operations & Communications at Non Towered Airports -KAVQ

Learn the regulatory requirements and recommended procedures for aeronautical operations at airports without operating control towers. Use of standard traffic patterns for all aircraft and Common Talk Advisory Frequencies (CTAF) are recommended at all airports without operating control towers.

**Directions:** Enter the main airport terminal building. Follow signs to the seminar as posted.

## A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
